

Ecofan®

Ecofan®

The Original

Ecofans are the very first heat powered wood stove fans. Our time-tested brand brings you over 25 years of Canadian quality and innovation.

Tested and verified.

All of our claims have been tested and verified to industry standards.

Quality you can trust.

Ecofans are built using only quality parts and exceed international safety standards.

Committed to happy customers.

We offer world-class customer service and back our Ecofans with a 2-year warranty.
